

WEEKLY UPDATE | July 26 – 2021

Five Questions with Dr. Adolph Brown – Fatherhood

In this interview, meet educational leader and social activist Dr. Adolph Brown and his family. Dr. Brown speaks passionately about his personal story—as a child, a father, and a member of the Head Start community. He also shares ways fathers and father figures impact and support the children in their lives.

Watch the video interview following the link below:

What was my password again?

What if every step of your day demanded you add another key to your keychain? Opening up a bank account? Add a key. Go to the library? Add a key. Find a new, cool, secret bar? Add a key. Meet someone new? Yup, you guessed it: Add a key for that too.

Your pockets get heavier and heavier. And when you show up to that new bar on a first date, you're fumbling through dozens of keys. **Frustrating, we know.**

But, spoiler alert, you're already doing that. Your digital keychain gets larger every day as you get more profiles, logins, and passwords. The average person already has 21 and by the time you read this, you'll probably have more. With that comes frustration, forgetfulness, and password fatigue. **Yes, it's a real thing.**

This Week Early Childhood Education Facts

▶ Did you know?

Sleeve Up for Head Start

The Sleeve Up for Head Start campaign encourages members of the Head Start community to learn about the COVID-19 vaccine, identify and address vaccine hesitancy with empathy and cultural understanding, and share personal experiences around receiving the vaccine.

Head Start's Unique Role in Mitigating the Spread of COVID-19

Head Start has done an exceptional job supporting children and families safely during the COVID-19 pandemic. Now, as vaccines are becoming more widely available, including for all Head Start and Early Head Start staff, protecting our communities' health through vaccination is an important next step. As Head Start staff and families navigate the personal medical decision of vaccination, NHSA seeks to equip our community with the tools needed to make informed decisions and share information within their own networks.

Join other Head Start staff who are helping make their communities a safer place, one vaccination at a time, by using the hashtags: #SleeveUpforHeadStart and #SleeveUp4HeadStart.
